

Governance

What sets us apart

Vision

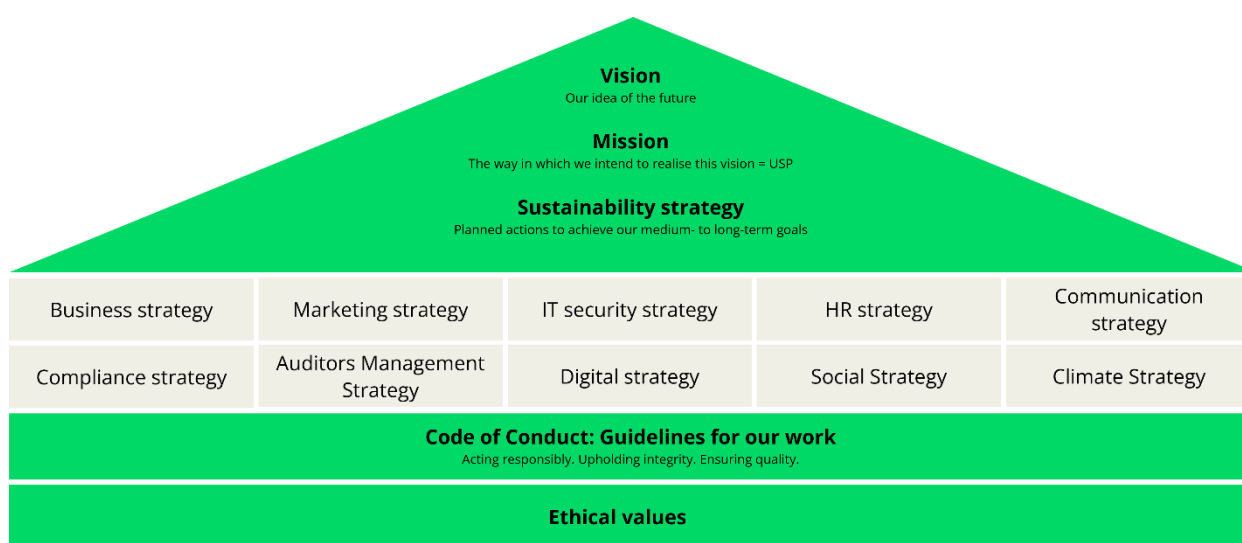

GUTcert is a unique certification body – sustainable, customer-focused, efficient, independent and climate-neutral.

Mission

“Always improving” – every day! We achieve our goals through the sustainable use of our human and natural resources.

Sustainability Strategy

- We grow sustainably alongside our staff and business partners.
- Our strength lies in people who act with competence, commitment and responsibility.
- We foster a working environment in which people can realise their potential and succeed together.
- Our services stand for quality, independence, efficiency and compliance.
- We create sustainable added value and set standards as a leader in quality.
- Environmental, climate and occupational safety, as well as health management, shape our actions across our operations, portfolio and mobility.
- With our expertise and commitment, we promote sustainable development in business and society.

You can find the comprehensive **GUTcert Code of Conduct** on our website.

Ethical values

Our values when working with clients and business partners

Sustainability

Meeting our needs must not compromise the opportunities of future generations.

Reliable

You can rely on our word and our actions – in good times and in challenging times alike.

Integrity

We always act responsibly, transparently and with integrity.

Ambitious

Our customers' high expectations, and our own, drive us to constantly improve.

Personal

Our clients and business partners are unique individuals who appreciate our expertise – through friendly, open and in-depth dialogue.

Our values for working together

Employee-focused

For us, work exists to serve our staff, not the other way round.

Responsibility

All staff take responsibility.

Trust and Openness

We trust one another and treat each other and 'knowledge' with honesty and openness.

Courage

We courageously address mistakes and shortcomings.

Focus

We meet deadlines and work in a goal-oriented manner.

Respect

We listen, let others finish speaking and accept different opinions.

Fairness

We pay fair salaries that are based on the contribution made to the community.

Continuous improvement
